

The American Spirit of Liberty and Freedom.

Every time you buy a Liberty Bond, you put a newer and higher courage in the hearts of all fighting boys but especially of those boys whose parents came here so that their sons might be free to fight for Liberty.

Every penny you lend our Government in your investment of Liberty Bonds is used to give us a better Army and Navy.

There isn't a soul living who owns bonds of the first, second or third Liberty Loans who isn't proud of what he has helped to do for our Country. Now it is the Fourth Liberty Loan—bigger than was ever known before, and backed by greater resources than any investment you ever made.

Don't wait for the final "spurt," don't wait for the fire of enthusiasm; don't wait for speeches and parades and bands.

Buy your Liberty Bonds this week, for you know you are going to buy them. You are not sacrificing a penny; you are not giving a cent. You are lending your money to the Government; you get good interest for it; you get your money back.

We cannot win without money, and therefore these loans are vital, and our people should rally in all their strength and subscribe---and-over-subscribe---the Fourth Liberty Loan. Subscribe to-day without fail.

The Alexandria National Bank has shown its faith in the Fourth Liberty Loan by subscribing for itself one hundred thousand dollars--\$100,000--of the Fourth Liberty Loan Bonds. This is in addition to over sixty thousand dollars subscribed by its friends and patrons through the Alexandria National Bank to the Fourth Liberty Loan Bonds.

Make your arrangements with this Bank for purchasing your Bonds.

THE FLU IN VIRGINIA

State Health Board Has Staggering Figures as to Epidemic Ravages in Virginia.

Richmond, Va., Oct. 15.—So far as the state at large is concerned, the situation growing out of the spread of Spanish influenza is far from encouraging and in some sections conditions are truly distressing. Up to Sunday, a total of 60,000 cases had been reported to the State Board of Health while it was estimated that the total in the entire commonwealth could hardly be less than 200,000.

No section is being spared and the disease within the last day or so has made its appearance in counties which seemingly had escaped it. It is raging in the southeastern section of Virginia and perhaps is giving even more trouble in Southwest Virginia. The northern and eastern sections also are beginning to suffer from the malady and it has likewise reached the Eastern Shore.

Forty different places have asked the State Board of Health for doctors and in thirty-five instances these calls have been favorably answered. This has been accomplished by using the third and fourth year classes of the medical colleges of Richmond and the University. The students are reported to be doing excellent work and without their aid the crisis could hardly be met. Second year medical students have also been used to good advantage as attendants. Help has likewise been given by Surgeon General Blue who has supplied seven physicians from the U. S. Public Health Service.

Calls for nurses have come from fifty different places. Some communities have asked for as many as ten while others say they will be satisfied to have only one. In several rural sections the country people have become so alarmed that they decline to nurse those who are sick of the influenza.

Substantial aid came to the State Board of Health Sunday when Miss Ella Agnew, chief of the home economics division of the extension work of the Virginia Polytechnic Institute, tendered the use of her county agents many of whom have had experience in nursing. Some have already been assigned to fields where their services will be particularly valuable.

Every possible effort is being put forth by the State Board of Health to aid the stricken districts, and it has

found a most useful ally in the State Council of Defense. A long stride in the way of checking the malady will have been taken before the end of this week when relief trains will be set moving in several sections of Virginia in order that the sick may be carried to the improvised hospitals established in school houses at centrally located points.

185 DEATHS IN RICHMOND

Health Officers Believe Epidemic Has Reached its Height.

Richmond, Va., Oct. 15.—Dr. Roy K. Flanagan, chief health officer of Richmond, said yesterday that in his opinion, the crest of the Spanish influenza epidemic had been reached here. It is estimated that there are 12,000 cases reported and unreported in the city.

Dr. Flanagan said, however, that the negro population of the city, which has all along been strangely immune, was beginning to suffer.

A summary of the situation in Richmond late yesterday was as follows:

Total cases reported, 4,672; deaths to date, 185; new cases overnight, 127; deaths overnight, 33.
